TAIPAN IV - CREWED LUXURY

5 MATES PRODUCTIONS

Dear Charterer,

Another big Sydney Boat Show has come and gone, it is a hectic but fun time for us and always great to meet so many of our clients, both first timers and regulars.

A long time regular, Peter Lucius surrounded by his gang, came to the stand and said something that resonated "Come on guys, if we don't organize it - it won't happen!"

Peter and Ted Dermody have chartered across the Pacific, Asia and the Mediterranean for many years with us and booked a trip to Tonga at the show.

Peter started Lynn and I talking at the show and we have now planned our next charters through to 2010. It is great to have these to look forward to!

A big trend we have noticed which was evident at the show was the booking of boats for both the big 50th & 60th birthdays. What could be better than getting your closest friends onboard to mark these special days.

• **BIGGER BAREBOATS**

Always bigger, the bareboat offerings continue to grow. Now it is possible to bareboat charter the Lagoon 500 in Greece!

These huge platforms include luxuries such as air-conditioning, generators, LCD TV/DVD, microwave, ice-maker and perhaps best of all a dishwasher!

In many respects these vessels are easier to maneuver than a monohull with twin engines allowing great flexibility.

I have always thought that Lagoon had some great features such as large hull windows which make your cabin seem like a waterside apartment. The flybridge driving position is also a favourite with charterers both sail and power converts. With substantial 55hp engines these vessels can motor at close to 10 knots, and even quicker sailing in the right conditions.

They may not be the prettiest boat around, but for space and comfort without a crew, they are incomparable.

• CHARTERER IN FOCUS - Gordon Reid

Gordon Reid has recently returned from a months charter on a Lagoon 440 in Turkey where he sailed down from Gocek to Antalya with one group for two weeks, checked into the Sheraton Hotel for 2 nights before returning with his new crew.

Gordon has chartered in Turkey twice before as well as Croatia, Tahiti, New Caledonia and Whitsundays.

He and his crew have always been a delight to deal with and of great benefit to us are his comprehensive logs of each of his charters.

[Click here](#) to view Gordon's log.

Gordon loves sailing big cats and has already planned his next two charters in the Whitsundays and Corsica/Sardinia.

• ANTARCTICA BY YACHT

Mowbray Expeditions are offering a range of sailing trips to the Antarctic Peninsula and the Patagonian Fjords and Glaciers.

Their 60ft yacht Commitment offers 9-24 day trips over the November 08 - May 09 season.

For centuries rounding Cape Horn has represented the ultimate nautical adventure.

• TAIWAN IV - CREWED LUXURY

A little piece of luxury, Taiwan IV is available for charter in Thailand and Malaysia but possibly any South East Asian port.

The 63' motor yacht offers two double staterooms and one quad that can be set up with twin lower beds or a double bed. Pullmans are totally recessed. Extensively set up for all sorts of fishing. Lovely al fresco dining on the flying bridge, queen size watch berth in the pilot house along with crew quarters with private bath.

Perfect for three couples and from under \$500 per person per night (WMT) she offers excellent value and service from an

attentive crew of three.

• 5 MATES PRODUCTIONS

Past client Alan Morgan organized a group last year on two large Fountaine Pajot Bahia 46 catamarans from Corfu to Levkas, and while on charter came up with a great idea!

Five of the crew have presold a reality television series for thirty x one hour episodes to be broadcast late next year. The concept is five guys who take a break for 6 months and charter a yacht to sail around the Mediterranean.

Proceeds are going to The Prostate Cancer Foundation of Australia.
